 PFLEIDERER

UNLIMITED DESIGN
FREEDOM.
COMBINATIONS WITH
THE DST SYSTEM.

300 DECORS
14 SURFACES
20 CORES

DST – D for Decor, S for Surface, T for core Technology. The tried-and-tested DST system is unique in the world of wood-based panels: it allows Pfleiderer products – decors, surface textures and core materials – to be combined as laminated panels, HPL and elements*. For this purpose, we offer an extensive range of plain colour, wood reproduction, stone and creative decors, which can be combined with design- and application-oriented surface textures on a variety of core materials – from chipboard and fibreboard for classic furniture and interior design to fire protection and moisture-resistant panels, through to special cores such as BalanceBoard for lightweight construction and LivingBoard for ecological construction. With numerous materials and countless combination options, the Pfleiderer product range offers you a practically unlimited freedom of design for interior fitting.

***) We would be happy to advise you:**
Please note: the decor, surface texture and core have an influence on the appearance and colour of the finished product. With certain product combinations between DBS/HPL, slight differences in the decor surface texture may occur, even within the same product type (HPL/DBS), in spite of identical decor or surface texture designations and the option of various sizes and/or qualities. Such deviations are not indicative of any faults. For certain surface textures (gloss and matt textures), particular sensitivities should be assumed. We will be happy to give you individual advice so that you always achieve the best results with our products and so that any deviations can be clarified in advance.

TEXTURES –
A WHOLE WORLD
OF SURFACES

- 14 textures in a wide variety of appearances
- High gloss in perfection
- Different matt appearances
- Nature-identical wood pores
- Pearl and parchment surfaces

¹⁾ DecoBoard only available as 2,800 x 2,100 / 5,600 x 2,100 mm ²⁾ DecoBoard only available as 2,800 x 2,100 mm ³⁾ HPL only available as 2,800 x 2,070 / 5,600 x 2,070 mm
⁴⁾ HPL only available as 4,100 x 1,300 mm ⁵⁾ only available DecoBoard

CORE MATERIALS –
THE RIGHT CORE PANEL FOR
EVERY APPLICATION

- Easy to machine and process
- Available in direct melamine lamination or with a tough HPL surface
- Broad spectrum of different qualities

Comprehensive information on our various product options can be found in our Complete Programme and at www.pfleiderer.com

DecoBoard
Melamine faced decorative boards with various core materials.

Duropal-HPL
High-pressure laminate with decorative surface and sanded reverse.

Duropal-HPL Compact
Compact high-pressure laminate with a black or white core and decorative surface on both sides.

Duropal flat bonded Element
Composite board made from a core board, both sides covered with Duropal-HPL.
