

# Potter. Ponder. Play.

At Forest, we believe that time in the garden is time well spent. Be it time to ponder, time to potter or time to play, our products are designed to help you make the most of your space.

From functional sheds and fences to decorative structures with contemporary styling, everything is manufactured to look good and last, giving you an inspiring environment for years to come.

### Well made in Britain.

The majority of timber we use is from trees grown in sustainable forests in the UK. It is then processed through our sawmills and assembled in our UK factory.

### Beautifully built.

If you'd rather take a back seat when it comes to building, don't worry. Our Assembly Service, available on selected products, means your new purchase is in safe hands and you can leave all the hard work and heavy lifting to us.

Installed items are indicated with [IN] before the product code.

### Delivered, on the dot.

At Forest, we don't like to keep you waiting. That's why we offer nationwide delivery to your home within 7 days. And, our pick-a-day option gives you time to clear and prepare your garden before your new feature is delivered on the day of your choosing.

Home Delivery items are indicated with (HD) after the product code or **HD**.

### We stand the test of time.

To ensure that your products look good and last, they are professionally treated. Dip Treated products come with a 10 year Anti-Rot guarantee, Premium Pressure Treated products come with a 15 year Anti-Rot guarantee, giving you the confidence that they're built to last. For more information on how to care for your products see page 92.

### Garden guides.

You're just a click away from Garden Guides - our series of online films. You'll find everything from product guides and 'How To' videos to instructions on installation, timber treatments and construction.

forestgarden.co.uk

### Helping everyone thrive.

We like to do our bit for charity. None more so than Thrive - the national charity committed to improving the lives of those disadvantaged or living with disability by creating positive change through gardening therapy.

### Grown in Britain. Cut in Britain. Made in Britain.

The majority of the timber we use is grown and felled from managed UK forests across Scotland and Wales. After felling, the timber is cut and processed in one of our nearby sawmills and taken to our manufacturing operation in the heart of Britain. It is here our skilled workforce proudly produce the widest range of garden buildings, fencing and structures available in the UK.

All of the products that we sell are dispatched from this site, here the final part of their journey is managed by our dedicated delivery department who are responsible for distribution to stores or direct to customers' homes by our fleet of vehicles.

**WHITBY ARBOUR**WHITARB(HD)
258(h) × 154(w) × 76(d)cm **SRP. £449.99** 

At Forest, we believe that your garden is somewhere you can take a little time out - a space to escape and to entertain.

Surround yourself with climbing plants and flowers with an arbour, or create a beautiful gateway to a secret garden with our range of arches. Alternatively, immerse yourself in those long summer evenings with your very own pergola, pavilion or summerhouse.

Our new Whitby Arbour has a generous 1.4m wide bench, which is hinged to allow the storage of outdoor items.

**SORRENTO ARBOUR** SCA(HD) 202(h) × 217(w) × 199(d)cm **SRP. £419.99**

GARDEN/BBQ SHELTER GSBQ(HD) 263(h) x 182(w) x 116(d)cm

SRP. £369.99

Outdoor dining doesn't get better than a Great British BBQ, which is why our Garden BBQ/Shelter is the perfect space for al fresco cooking.

Wide rails offer space for prepping and plates, whilst a unique roof vent provides greater ventilation of smoke. The fire retardant finish will protect it from wayward flames.

## Unique design.

Introducing an arch into your garden is a simple and effective way to add a touch of classic design and create a unique focal point that will encourage climbing flowers and plants to grow naturally.

Inspired by the iconic Whalebone Arch on Whitby's seafront, our new Whitby Arches feature posts with an extended curved section that can only be achieved using carefully cut and laminated timber.

Expert insight.

All arches have extended legs allowing them to be sunk into the ground. They can be sited using Easy-Fit Fencefast, see page 58.

### Introducing the Oakley Summerhouse Range.

The Oakley Summerhouses are packed with features, including a fully-glazed front with deep ¾ length windows and double doors, combined with large windows in each side wall to ensure the summerhouses are flooded with natural light.

- Overlap cladding suitable for additional wood treatment or paint
- Pressure Treated with a solid timber-boarded floor
- Windows glazed using safe, lightweight and shatterresistant acrylic

### ATTRACTIVE DESIGN

The Oakley Summerhouse range features a mineral-felted roof, smooth-planed scalloped barge boards and decorative finial for a seamless, natural and peaceful look.

All summerhouses are supplied unpainted.

### Shiplap Tongue & Groove Dip Treated Summerhouses.

Our shiplap summerhouses are manufactured from Dip Treated shiplap timber and include shatter-resistant styrene glazing.

Choose from our cosy Cranbourne summerhouse, designed to fit neatly into a sunny corner of your garden, our stylish Maplehurst that boasts a small, wooden-covered veranda or our compact and functional Barleywood - ideal if you're short on space. If you're after something larger, our Hollington offers more space and includes an opening window to one side.

### Shiplap Tongue & Groove Pressure Treated Summerhouses.

Our Pressure Treated shiplap summerhouses offer a 15 year guarantee against rot, ensuring the life of your structure will last.

The Charlbury is a traditional, compact structure perfect for smaller gardens, whereas the Kempsford has a unique twist with its reverse apex roof providing a spacious interior. Finishing the range is the traditional-style Bloxham with its long, tall windows to maximise natural light. All feature acrylic glazing.

### Use your space wisely.

When it comes to using your garden, it's not always about entertaining. Whatever your space, we have clever and innovative ways of using it, like our stylish Boot Store for example. It's designed to house all your family's boots and outdoor equipment in a simple and organised way, keeping the mud outside where it belongs.

### Innovative new Boot Store.

Constructed from smooth-planed Tongue & Groove timber boards and Pressure Treated to protect it from rot, our Boot Store also boasts a cut-out boot detail to provide air-flow and prevent damp. It's finished with a galvanised steel roof plate and features gold-coloured hinges and door bolt.

### Clever and compact.

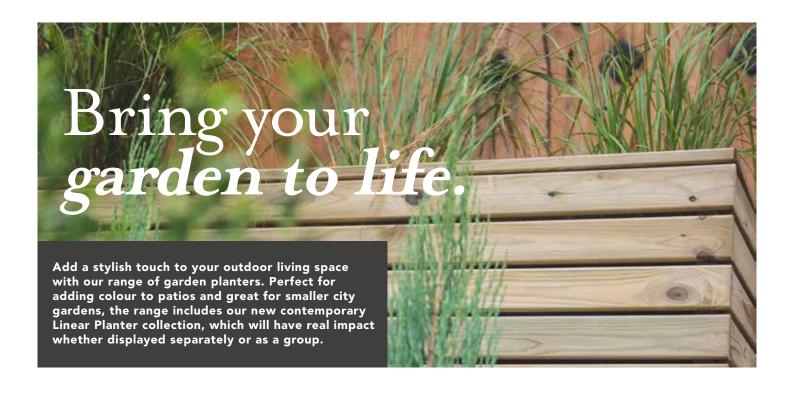

Our Boot Store is neat and compact, perfect for putting next to entrance doors. It has the capacity to store four pairs of adult wellies with room to spare for brollies and dog leads. Boots are conveniently hung on two rows of robust pegs, neatly holding them upside down to prevent mud and water dripping into the boots below.

- Includes wooden pegs for hanging boots upside down
- Galvanised steel roof sheet
- Pressure Treated Tongue & Groove cladding

# Let's get our hands dirty. There's no better feeling than the overwhelming sense of pride and achievement of growing your own. So whether you're starting out with a small herb garden, or keen to go all-out with a veg patch or greenhouse, we've got just about everything you need to get your fingers greener.

### Eat your greens.

Our traditional Victorian Wall Greenhouse is one of our most popular products. Its beautiful, space-saving design and elegant drop down staging are perfect for organising and growing your own seeds, herbs and tomatoes - looks great even in a small garden.

**VALE GREENHOUSE 6X4** 

IN M6X4GHIN 239(h) x 193(w) x 122(d)cm SRP. £1299.99

**VALE GREENHOUSE 8X6**

# Solway.

### SOLWAY

SOL66 183(h) x 183(w)cm **SRP. f54.99** 

A strong and stylish panel that utilises thick 8mm boards alternately mounted and sandwiched by a perimeter frame and two reinforcing battens either side.

# Ultima Mistral.

### **ULTIMA MISTRAL PANEL**

FMIS18PTR 180(h) x 180(w)cm **SRP. £159.99** 

Acoustic Rating

The Mistral panel is one of our highest specification panels. Thick 18mm interlocking Tongue & Groove boards are secured in a rebated frame to eliminate any gaps. With a Pressure Treated, smooth-planed finish the panel combines strength with great aesthetics.

### **BOARD GATE**

FBG63 182(h) x 92(w)cm **SRP. £84.99** 

This fully framed gate is an ideal match for the 6ft Forest Closeboard Panel.

•

# Board Wave.

### PRESSURE TREATED BOARD WAVE PANEL

FBW66PTR 183(h) × 183(w)cm **SRP. £74.99** 

A closeboard type panel with overlapping square cut 8mm boards sandwiched by a frame all round and reinforced with three additional battens. The curved top gives an attractive wave form to a fence run.

### Closeboard.

# Expert insight.

# Acoustic Ratings.

The Decibel Noise Reduction Panel is rated with Forest's highest acoustic rating of 4, achieving a reduction in noise level of up to 30dB. We've also tested and applied acoustic ratings to some of our most popular panels.

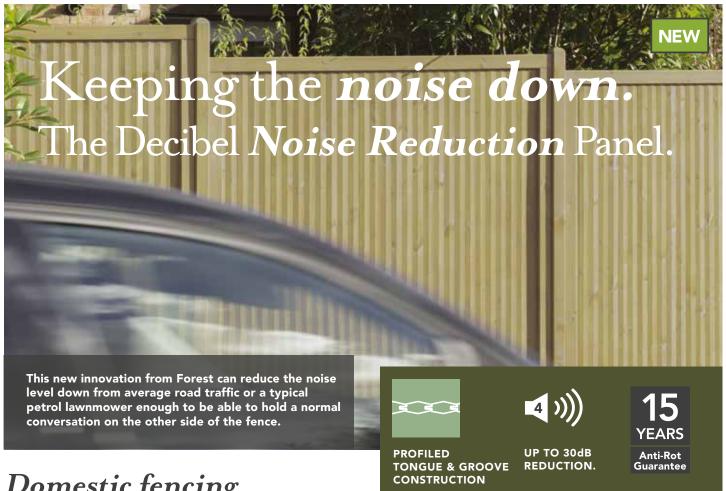

Up to 30dB

Up to 25dB reduction.

Up to 20dB reduction. Up to 10dB

# Domestic fencing with a difference.

Whether you view your garden as a peaceful place, or a private space, The Decibel Noise Reduction Panel will help reduce unwanted sounds making it feel calmer all round.

The panel combines noise reduction performance with great looks. Thick (17mm) interlocking Tongue & Groove boards are smooth planed and mounted in a 45mm thick rebated frame to ensure there are no gaps for the noise to pass through.

# Acoustic Ratings.

The Decibel Noise Reduction Panel is rated with Forest's highest acoustic rating of 4, achieving a reduction in noise level of up to 30dB. We've also tested and applied acoustic ratings to some of our most popular panels.

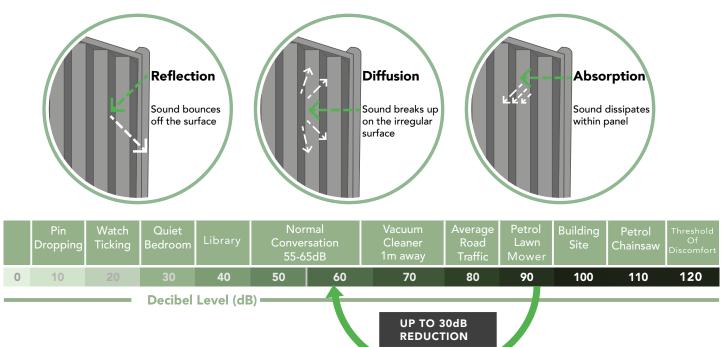

Up to 30dB

o Up to 3 25dB Up to 20dB reduction Up to 10dB reduction

# Triform Technology From Forest Garden.

The boards on The Decibel Noise Reduction Panel feature a specially developed triangulated profile. This creates multiple angles over the face of the board which scatter noise waves, reducing their intensity. The Decibel Noise Reduction Panel will look great in any garden and is perfect for houses with close neighbours or for gardens near busy roads.

# THE DECIBEL NOISE REDUCTION PANEL

The tight-fitting boards and smooth planed finish bring out the natural beauty of the wood. The panels can be mounted with the boards running vertically or horizontally to accentuate either the height or length of the fence run.

# Expert insight.

There are many ways to erect a timber fence. Whichever method is chosen, you can guarantee success if you follow some basic rules.

- Non Pressure Treated fence panels should always be erected on Pressure Treated gravel boards.
- Use suitable posts. Heavier fence panels such as Forest Board or Europa Garden Screens will benefit from the added strength of 100mm posts.
- Check your post length before fixing. If erecting over uneven ground you may require longer posts.
- Use a Fencefast Easy-Fit post support to make replacing a damaged post quicker and easier -See page 58.

# The Larchlap Range.

We believe that creating a space you're proud of starts with a product we're proud of. And our Larchlap collection is no exception. Timber for the entire range is grown and felled in UK forests, processed in our UK sawmills and the fence panels are assembled by our skilled workforce at our factory in rural Worcestershire.

The traditional British Larchlap panel has stood the test of time for over 50 years, originally designed by Joseph Corbett & Son in Worcestershire, the company and famous Larchlap panel proudly became part of Forest.

The sturdy panel is constructed with overlapping boards sandwiched in a perimeter frame and is still as peep proof today! Available in the traditional waney edged design or with straight cut boards.

UNII80 240(h) x 6(w) x 6(d)cm SRP. £11.49

**YEARS** 

A shed is the most practical of garden structures. Not only will it keep your tools tidy and your outdoor equipment organised, it's perfect for storing bikes, boots and bulky outdoor clothing too, freeing up space in the home.

But, deciding which shed is right can be tricky, so we've made the process as simple as possible with our 6-step guide.

1 CHOOSE YOUR SIZE

 $\blacksquare$ 

2 CHOOSE YOUR ROOF

\_

3 CHOOSE YOUR CONSTRUCTION

▼

4 CHOOSE YOUR TREATMENT

▼

5 PREPARE YOUR BASE

▼

6 CHOOSE YOUR DELIVERY

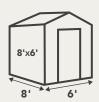

# 6-step guide to choosing your shed.

# 1 Choose your size.

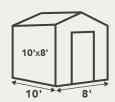

Whether you're after something compact for tools or something spacious for larger equipment, our shed range offers a practical solution whatever size of space you have.

Small and compact shed perfect for neatly storing garden tools.

Mid-size shed suitable for large equipment like lawnmowers and bikes.

Large, spacious shed ideal for storage or as a functional workshop.

All of our shed descriptions are quoted with the longest length first.

# 2 Choose your roof.

We offer 3 styles of shed roof:

APEX

Traditional roof with 2 sloping sides and the door under the roof apex. Window panel can be fitted either side.

PENT

Contemporary sloping roof to fit against walls and allow for water run-off.

**REVERSE APEX** 

Traditional roof with 2 sloping sides, featuring the door on the side rather than the end.

# 3 Choose your construction.

We offer 3 styles of cladding:

OVERLAP

Rough-sawn boards overlap to ensure water run-off.

SHIPLAP TONGUE & GROOVE

Interlocking Tongue & Groove boards with a shiplap profile for water run-off.

TONGUE & GROOVE

Tight-fitting
Tongue &
Groove boards
for wind and
rain protection.

# 4 Choose your treatment.

We offer 2 types of timber treatments:

### **DIP TREATED**

Surface treatment, providing short term protection against rot.

Boards are dipped in anti-fungal solution.

# PRESSURE TREATED

Penetrative treatment for 15 year Anti-Rot protection.

Anti-fungal preservative is forced into the timber under pressure.

# 5 Prepare your base.

We recommend you prepare your base before delivery in 1 of 3 ways:

CONCRETE SLABS

Slabs neatly laid with minimal gaps on a dressing of sharp sand and hardcore.

CONCRETE

Solid concrete base will minimise movement of sub-soil ensuring longevity.

**SHED BASE** 

A timber frame attached to stakes driven into the ground.

# Choose your delivery.

We have a range of delivery and assembly options to help you plan and prepare for the arrival of your shed:

**DELIVERY** 

Estimated nationwide delivery direct to your door is within 7 days.

PICK-A-DAY

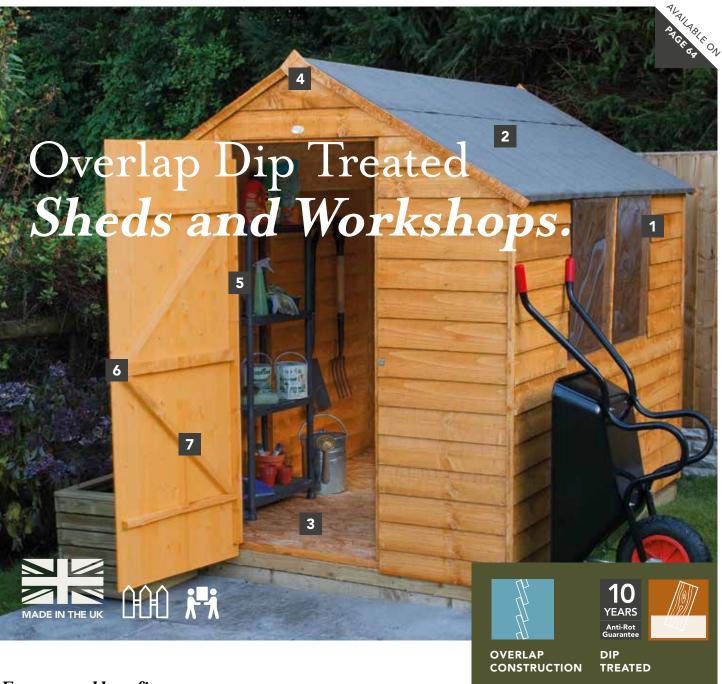

Choose your delivery date ensuring time to prepare your garden.

**ASSEMBLY** 

Available on all sheds to ensure they're constructed safely and correctly.

See page 93 for details.

### Features and benefits.

### **POLYCARBONATE GLAZING**

Unbreakable **Polycarbonate** windows can be fitted either side on Apex Sheds.

### **FELTED ROOF**

Weatherproof felted roof constructed from durable sheet material.

### **FLOOR**

Hard wearing sheet material floor as standard.

### **FINIAL & BARGE BOARDS**

Attractive smooth planed finial & barge boards.

### **HIDDEN HINGES**

Safe and secure hidden door hinges (excluding 5X3 and 3X5).

### **LATCH SECURITY**

Plate hasp and staple latch (excluding 5X3 and 3X5).

All of our shed descriptions are quoted with the longest length first (excluding 3X5 Apex).

### DOUBLE 'Z' **FRAMING**

Sturdy door braced with double 'Z' framing for added strength and security (excluding 5X3, 3X5 and 7X5).

#### A log cabin will transform your garden as well as giving you the space and freedom to enjoy the things you love.

Whether you need the extra living space, room for a gym or even a home office, our log cabins are a natural choice.

Manufactured from kiln-dried timber, a process that extracts moisture and reduces the risk of splitting and warping, these natural timber constructions will look great in any garden environment.

#### **ENTERTAIN AND MAINTAIN**

We know you'll be keen to start entertaining and using the space straightaway, but we always recommend applying a solvent-based preservative treatment inside and outside soon after assembly. As the UK has a very wet climate it is important to ensure that the timbers remain dry and protected until such time as a treatment is applied.

And, whilst the timber we use will change colour over time, simply reapply a colour-based timber treatment regularly to maintain the look. Timber is a natural material which will shrink and expand due to moisture content within wood and the changing weather conditions. Any extreme changes should revert back over time.

#### PRECISION ENGINEERED

Our precision-engineered logs are manufactured with chalet-cut corners and a 6-sided joint to reinforce stability against the UK's wind and rain.

#### **ROOFS AND FLOORS**

The roofs and floors in all our cabins are constructed from kiln-dried Tongue & Groove boards.

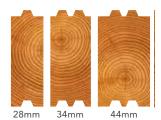

#### SUSTAINABLE TIMBER

The timber we use is slow grown Nordic Spruce, clear from the tight growth rings on the logs. It's also FSC® certified to ensure the sustainability and longevity of supply.

#### **DOORS & WINDOWS**

All models come with adjustable door hinges and mortise lock mechanisms as standard, with opening windows available on most. Check specific models for details.

#### **AVAILABLE THICKNESSES**

Our log cabin range is available in three log thicknesses with double-glazing being standard on all 44mm models.

VHAR283025SHHDINST SRP. £2449.99

Simple and stylish, The Harwood makes it easier than ever to extend your living space and introduce a quiet retreat into any nook of your garden.

Here at Forest, we put a lot of care and attention into the manufacture of our products. From selecting just the right type of wood, to our flexible delivery and assembly service options, we take a pride in ensuring that everything is just so.

Therefore, to help you get the most out of our products, here are a few things you should know...

Wood is a natural product and susceptible to changes in the environment, any extreme weather conditions will cause a reaction in timber used outdoors. Heat may cause panels to lose shape but this will be reversed once the temperature subsides. Posts and uprights may split but again this is natural and will not affect the structure of your product.

As with all timber buildings, a garden shed will take time to settle in its outside surroundings. In the winter months the wood will swell due to moist air whereas in the summer the wood may shrink. Movement and gaps in the wood are normal, particularly with overlap constructions.

#### Timber treatment.

Forest products are guaranteed against rot through either Pressure Treatment or Dip Treatment.

#### Pressure Treated timber.

Forest Pressure Treated items which are designed to be in ground contact are impregnated with preservative, an effective method used to protect wood against fungal decay and insect attack, saving time and money on retreating. The treatment is based on the well-established effectiveness of copper combined with a co-biocide.

If the treated timber is cut, notched or drilled it is recommended that an effective cut end treatment be applied, failure to do so may reduce effectiveness of the Pressure Treatment.

Stains, paint and water repellent may be applied after purchase providing you follow the manufacturer's instructions.

#### **PRESSURE** TREATED

**Penetrative** treatment for 15 year Anti-Rot protection.

Anti-fungal preservative forced into the timber under pressure.

#### Dip Treated timber.

Dipped Treated products should be isolated from the ground with a pressure treated gravel board or similar base and be retreated periodically to comply with the conditions of the guarantee.

To change the colour of the timber, allow the product to mature before applying a suitable brand of stain/paint.

#### **DIP TREATED**

Surface treatment for 10 year short-term, Anti-Rot protection.

Boards are dipped in anti-fungal solution.

#### Ongoing care.

We recommend some annual after care which will help protect the wood and make it more durable to ensure it lasts longer.

Preservatives, also known as wood treatment, can protect all types of timber from discolouration and decay, as well as giving a constant all-yearround colour. An annual wood preservative paint will protect your new purchase or rejuvenate an existing one.

#### Wood colouration.

Pressure Treated wood colouration varies depending on timber species and length of time from treatment, the colour will fade over time to a silver/brown.

Dip Treated product colour is not permanent and to retain factory finish treatment should be applied regularly.

#### Where to site your product.

The base for any product should be firm and level; ideally air should be able to circulate under the base. Wooden buildings must not be sited directly on soil or grass, our sheds are all provided with bearers to allow air flow under the shed.

#### Some other things you should know.

Stockists: We have a great network of stockists across the UK, for a

**Pricing:** All prices quoted are SRP – Suggested Retail Price and are inclusive of the prevailing VAT rate. Prices are effective from 1st

**Delivery:** The majority of Forest products come flat packed and Products available for Home Delivery are marked with (HD) following the product code. Products available for Home Delivery and Assembly are detailed with an (INST) or (IN) code. Please note, for Home Delivery items (with the exception of Vale Greenhouses) delivery and installation will be on separate days. Home Delivery and Assembly is unable to be offered for the following postcodes, BT, GY, HS, IM, IV41-51, IV55-56, JE, KA27-28, KW15+, PA41+, PH41-44, PO31-41, ZE. Whilst we aim to deliver within 7 days there may be some instances **Specifications:** All specifications detailed are correct at the time of Log Cabins are supplied untreated.

#### **Acoustic Rating System:**

- Rating 4 equates to 8-fold noise reduction or up to 30 decibels.
  Rating 3 equates to 6-fold noise reduction or up to 25 decibels.
- Rating 2 equates to 4-fold noise reduction or up to 20 decibels.

FSC: Forest's range is certified by the Forest Stewardship Council®
