

For your
great
Outdoors.

THE GARDEN COLLECTION 2019

Inspiration for your garden.

Whether you want to add a little privacy with our fences, create a peaceful retreat with our gazebo and summerhouses, or grow a vegetable patch with our raised beds, you'll find all you need in this brochure.

At Forest, we want you to enjoy your outdoor space to the full and we make it easy for you to design and shape your garden around your lifestyle. Everything we produce - from the decorative to the functional - is crafted to look good and last, giving you a garden you'll enjoy for years to come.

At home in every garden.

The great British garden is our home. For over 50 years we've been the nation's leading manufacturer and distributor of high quality wooden garden products. Today, you'll find our range of garden buildings, fencing, decking and decorative structures online and in over 3,000 retail stores.

We're proud to be a British company using sustainable, British timber. With excellent customer service at the heart of our operation and an industry leading distribution service, our products are available for delivery to homes across the UK.

Well made in Britain.

The majority of timber we use is from trees grown in sustainable forests in the UK. It is then processed through our sawmill and assembled in our UK factory.

Beautifully built.

If you'd rather take a back seat when it comes to building, don't worry. Our Assembly Service, available on selected products, means your new purchase is in safe hands and you can leave all the hard work and heavy lifting to us.

Installed items are indicated with **IN** before the product code.

Delivered, on the dot.

At Forest, we don't like to keep you waiting. That's why we offer nationwide delivery to your home within 5 working days on the majority of our products. And, our pick-a-day option gives you time to clear and prepare your garden before your new feature is delivered on the day of your choosing.

Home Delivery items are indicated with **(HD)** after the product code or **HD**.

We stand the test of time.

To ensure that your products look good and last, they are professionally treated. Dip Treated products come with a 10 year Anti-Rot guarantee, Premium Pressure Treated products come with a 15 year Anti-Rot guarantee, giving you the confidence that they're built to last. For more information on how to care for your products see page 119.

Garden guides.

You're just a click away from Garden Guides - our series of online films. You'll find everything from product guides and 'How To' videos to instructions on installation, timber treatments and construction. forestgarden.co.uk

Helping everyone thrive.

We like to do our bit for charity. None more so than Thrive which uses gardening as therapy to bring about positive changes in the lives of people living with disabilities or ill health, or those who are isolated, disadvantaged or vulnerable. thrive.org.uk carryongardening.org.uk

Home grown.

We're proud to say that the majority of the timber we use is cut in our very own sawmill, from trees grown in the UK.

Sustainable timber is the foundation of our business. That's why it's important to us that our range is certified by the Forest Stewardship Council®, with the majority of our products carrying the FSC® logo. This means that our timber comes from sustainable, responsibly managed forests that are replanted for future generations.

Grown in Britain.

Cut in Britain.

Made in Britain.

The majority of the timber we use is grown and felled from managed UK forests across Scotland. After felling, the timber is cut and processed in our nearby sawmill and taken to our manufacturing operation in the heart of Britain. It is here our skilled workforce proudly design and produce the widest range of garden buildings, fencing and structures available in the UK.

All of the products that we sell are dispatched from this site, here the final part of their journey is managed by our dedicated delivery department who are responsible for distribution to stores or direct to customers' homes by our fleet of vehicles.

Features & Structures.

One of the easiest ways to transform your garden is with a feature or structure. They provide focal points, vertical space to grow plants, or places for relaxing. We offer arches, arbours, pavilions, pergolas, gazebos and summerhouses of all sizes and styles.

New this year, our Infinity Arch and Arbour take inspiration from Roman architecture to bring a sense of depth and perspective to any garden. No matter which product you choose, every item is crafted to bring stunning style to your space.

↓ *Expert insight.*

Don't ignore that disused corner of your garden, it's the ideal spot to install a specially designed summerhouse – making the most of your space and providing complete views of your garden.

Take a little time out.

We all need somewhere to relax, and an arbour creates a perfect place to unwind. They provide an ideal spot to sit and enjoy your garden while surrounded by climbing plants and flowers. We've created a range of designs from the traditional to the contemporary, so there's sure to be something that works in your space.

INFINITY ARBOUR
JAARB(HD)
2400(h) x 148(w) x 61(d)cm
SRP. £299.99

To really make it your personal haven, every arbour can be painted so you can easily add your own splash of colour.

SORRENTO ARBOUR
SCA(HD)
202(h) x 217(w) x 199(d)cm
SRP. £419.99

PARISIENNE ARBOUR
BSEAT1(HD)
212(h) x 154(w) x 66(d)cm
SRP. £229.99

PALERMO ARBOUR
TRAS(HD)
212(h) x 144(w) x 66(d)cm
SRP. £249.99

SIENNA ARBOUR
VCAS(HD)
198(h) x 170(w) x 70(d)cm
SRP. £279.99

LYON ARBOUR
LYAS(HD)
200(h) x 156(w) x 67(d)cm
SRP. £249.99

CADIZ ARBOUR
MA2AS(HD)
197(h) x 169(w) x 73(d)cm
SRP. £299.99

LIMOGE ARBOUR
TSAS(HD)
229(h) x 172(w) x 87(d)cm
SRP. £499.99

VENETIAN CORNER ARBOUR
CARB(HD)
250(h) x 233(w) x 161(d)cm
SRP. £599.99

GARDEN/BBQ SHELTER
GSBQ(HD)
263(h) x 194(w) x 116(d)cm
SRP. £399.99

Outdoor dining doesn't get much better than a Great British BBQ, which is why our Garden/BBQ Shelter is the perfect space for al fresco cooking.

Wide rails offer space for prepping and plates, whilst a unique roof vent provides greater ventilation for smoke.

Our popular Whitby Arch and beautiful new Infinity Arch both feature extended curved sections that are created using carefully cut and laminated timber, giving an elegant smooth finish and contemporary look. All our arches have extended legs allowing them to be sunk into the ground.

WHITBY ARCH

245(h) x 270(w) x 136(d)cm
SRP. £289.99

Large structures.

When designing a garden, adding a large structure can make a huge difference to the overall look. Pergolas and pavilions provide height and create a focal point in the garden, whilst gazebos and decking make attractive seating areas. These larger elements help retain your garden's structure as the seasons change.

Venetian Pavilion.

Add a real talking point to your garden. Our Venetian Pavilion provides the perfect shady spot to relax, entertain or dine with family and friends. The stunning Pavilion with its eye-catching roof design is available with an optional deck base. This striking structure will let in lots of natural light but also offers protection from the harsh sun or a summer shower.

VENETIAN PAVILION (WITH DECK)
VENPAV(HD)
332(h) x 293(w) x 293(d)cm
Width between posts 219cm
SRP. £1499.99

VENETIAN PAVILION (WITHOUT DECK)
VENPAVNB(HD)
332(h) x 293(w) x 293(d)cm
Width between posts 219cm
SRP. £1099.99

Dining Pergola.

Our contemporary and elegant Dining Pergola has a stylish, modern design that will create a stunning feature in your garden. The laddered sides and roof panels are optional but are fantastic for training climbing plants and creating your own shade. What better setting for al fresco dining or drinks.

This beautiful structure also looks great paired with our sleeper furniture and is ideal for a patio or decked areas.

DINING PERGOLA (WITHOUT PANELS)
DINPERGNS(HD)
280(h) x 304(w) x 244(d)cm
SRP. £479.99

DINING PERGOLA (WITH PANELS)
DINPERG(HD)
280(h) x 304(w) x 244(d)cm
SRP. £599.99

Pergolas.

Adding a pergola is a great way of creating a focal point in your garden, they also make a good support for climbing plants such as Honeysuckle, Clematis or Wisteria.

ULTIMA PERGOLA
UPK01(HD)
280(h) x 270(w) x 270(d)cm
SRP. £349.99

UPK02(HD)

250(h) x 521(w) x 305(d)cm
Decked Area: 490(w) x 240(d)cm
SRP. £999.99

Round Timber Gazebos.

Whether you dream of a simple peaceful moment with a well-earned glass of wine and a good book, a leisurely meal outside with the family or hosting that amazing al fresco party, a hand built Round Timber Gazebo from Forest can turn your dreams into reality.

1 Choose your size.

With a choice of 7 sizes, all our Gazebos are made from smooth-planed Radiata Pine and are Pressure Treated with a 15 year Anti-Rot guarantee.

Hexagonal Garden Gazebos

Available in 3m, 3.6m, 4m and 4.7m.

Premium Oval Gazebos

Available in 5.1m and 6m.

Square Gazebos

Available in 3.5m - with and without a base.

2 Choose your roof type.

We offer a choice of roof type, each of which will give your Gazebo a different look and feel when finished. Our Country Thatch roofs, only available on the Hexagonal Gazebos, are lined with heavy duty, weather-proof canvas, whilst our New England Cedar and Traditional Timber roofs come with a water-proof Tricoya lining.

A little corner of quiet.

Our range of summerhouses ensures that whatever size your space, we can offer you a perfectly fitted solution. Be it a snug corner or that lovely little sun spot, there are plenty of designs to help you create a quiet space to relax and enjoy your garden, whatever the weather.

Overlap Pressure Treated Summerhouses.

Our Overlap Pressure Treated summerhouses are guaranteed against rot for 15 years and are proudly made in the UK.

The Oakley summerhouse range is packed with features, including a fully-glazed front with deep windows and double doors, combined with large windows in each side to ensure the summerhouses are flooded with natural light.

- Overlap cladding suitable for additional wood treatment or paint
- Pressure Treated with a solid timber-boarded floor
- Windows glazed using safe, lightweight and shatter-resistant acrylic

3-Step Modular Furniture.

We've made choosing the right garden furniture even easier than before. In fact, you're just 3 steps away from creating an inspiring outdoor space to share with family and friends. Our unique modular furniture range offers complete flexibility no matter what size your garden is. And, it's all Pressure Treated with a 15 year Anti-Rot guarantee, ensuring it lasts a long, long time.

1 Choose your layout.

Choose a layout that best suits your needs and the size of your patio, garden, pavilion or pergola.

2 Choose your seating.

Add the required number of double sleeper benches (4 sizes available) and use individually or connected to the planter/table.

DOUBLE SLEEPER BENCH 0.9M
DSBEN09(HD)
45(h) x 90(w) x 35(d)cm
SRP. £84.99

DOUBLE SLEEPER BENCH 1.2M

Planting & Growing.

When you want all the benefits of growing your own, it shouldn't mean sacrificing on style. From small planters to large raised beds, cold frames to glorious greenhouses, our range is designed to be both functional and fashionable.

This season we've introduced the innovative Victorian Walkaround Greenhouse, which offers a flexible growing space for small gardens and is sure to be a talking point. Enjoy the journey from first shoots to fruit, veg and flowers with a little help from Forest.

Brighten up your outdoor space.

From the modern and contemporary to the traditional and rustic, we have a range of planters to suit all styles - create a warm, welcoming entrance to your house or an easy to maintain floral display in your garden.

Bring your garden to life.

Add a stylish touch to your outdoor living space with our range of garden planters. Perfect for adding colour to patios and great for smaller city gardens, the range includes our contemporary Linear Planter collection, which will have real impact whether displayed separately or as a group.

Windsor Planters.

Fashionable rough sawn boards look great and give these planters a soft and warm aesthetic while their castellated top and vertical orientation accentuate the height. The tall planter is ideal for creating a partition or boundary in your garden.

Accessible gardening.

As part of our work with our charity partner Thrive, we have developed a range of accessible gardening planters and raised beds. These products are designed with wheelchair users and those with limited mobility in mind, enabling access to planting areas without the need to bend or stoop – look out for the tree logo.

Victorian Greenhouses.

The golden era of the Victorian Glasshouse saw increasingly grand architectural buildings, built to propagate and display plants from around the world - designed to maximise light and create the perfect temperature for the exotic varieties inside.

As the interest in all things botanical continued, buildings became simpler and those with smaller spaces could now cultivate plants and grow food for home consumption.

This evolution to lighter, functional, self-assembly glasshouses provided the inspiration for our range of Victorian Greenhouses today.

Victorian Tall Wall Greenhouse.

A flexible and compact greenhouse with acrylic glazing. Ideal for gardens where space is at a premium. Includes two heights of shelving: middle staging can be dropped down to accommodate tall plants and a grow bag.

Our Victorian Tall Wall Greenhouse is now available to purchase with or without an auto vent.

Victorian Walkaround Greenhouse.

A beautifully designed and flexible grow house that will become a real focal point in your garden. The unique design lets the gardener access their plants without going inside the greenhouse and the four opening doors can be hung as required. There is space for two grow bags on the floor and it comes with removable slatted staging for optimal growing in a small area. Features acrylic glazing and is available to order with or without an auto vent.

On the fence? Here's how to choose.

Your fence frames your space. The height and style of fence you choose can have a big impact on the look, feel, and even the noise in your garden. That's why it's important to consider what you need your fence to do, and also what you're allowed to place on your property's boundary.

We have a wide range of panels that offer different combinations of privacy, security, aesthetic and noise reduction features. Once you've selected the panels that best suit your needs you're able to add any fence posts that you need as well as any accessories – choose from Gravel Boards, Post Caps, Decorative Finials and Fence Toppers or our Fencefast installation system – all of the items you need for your fencing project are available for Home Delivery with your panels.

Acoustic Ratings.

The Decibel Noise Reduction Panel is rated with Forest's highest acoustic rating of 4, achieving a reduction in noise level of up to 30dB. We've also tested and applied acoustic ratings to some of our most popular panels.

Up to 30dB reduction.

Up to 25dB reduction.

Up to 20dB reduction.

Up to 10dB reduction.

Delivery.

Forest's range of Fencing and Trellis is available for Home Delivery – subject to a minimum order of 3 panels.

Guide to fencing styles.

1 Traditional Larchlap Panels.

Sturdy panels constructed with overlapping boards, sandwiched between a perimeter frame. Great value panels available in traditional wavy edged design or straight cut boards with a rustic finish. Provide privacy and are perfect for marking boundaries.

2 Featheredge Panels.

Traditional panels with thick tapered overlapping vertical boards with 3 colour alternatives to suit any garden. Heavy duty construction, ideal if you want privacy and extra security.

3 Vertical & Closeboard Panels.

Panels featuring square cut overlapping boards arranged vertically and sandwiched by a perimeter frame and reinforced with horizontal battens. Offers strength and durability and are ideal for boundaries.

4 Decibel Panel.

Designed to help reduce unwanted noise in gardens by busy roads or with close neighbours. Using thick interlocking Tongue & Groove boards, the panel combines noise reduction performance with great looks.

5 Tongue & Groove Panels.

High specification panels, featuring thick section interlocking Tongue & Groove boards, sandwiched in a quality rebated frame. These strong, contemporary panels look great and offer a high level of security and privacy.

6 Decorative Panels & Screens.

Our collection of decorative panels have a high quality, smooth-planed finish and come in a variety of styles – available with curved, straight or trellis tops. Our screens are designed as a decorative feature and can let in light to give a more open feel to your garden.

7 Low Level Fencing.

Offers an unobtrusive fencing solution that creates a decorative addition to your garden. Ideal for marking boundaries. Available in a variety of styles.

JOSEPH CORBETT & SON (TIMBER) LTD.
Dept. 11,
LICHFIELD STREET, STOURPORT-ON-SEVERN
WORCESTERSHIRE

Larchlap Panels.

We believe that creating a space you're proud of starts with a product we're proud of. And our Larchlap collection is no exception. Timber for the entire range is grown and felled in UK forests, processed in our UK sawmill and the fence panels are assembled by our skilled workforce at our factory in rural Worcestershire.

The traditional British Larchlap panel has stood the test of time for over 50 years, originally designed by Joseph Corbett & Son in Worcestershire, the company and famous Larchlap panel proudly became part of Forest.

The sturdy panel is constructed with overlapping boards sandwiched in a perimeter frame and is still as peep proof today! Available in the traditional wavy edged design or with straight cut boards, in either Dip or Pressure Treated.

Keeping the noise down.

The Decibel Noise Reduction Panel.

This award winning innovation from Forest can reduce the noise level down from average road traffic or a typical petrol lawnmower enough to be able to hold a normal conversation on the other side of the fence.

PROFILED TONGUE & GROOVE CONSTRUCTION

UP TO 30dB REDUCTION

15 YEARS
Anti-Rot Guarantee

Domestic fencing with a difference.

Whether you view your garden as a peaceful place, or a private space, the award winning Decibel Noise Reduction Panel will help reduce unwanted sounds making it feel calmer all round.

The panel combines noise reduction performance with great looks. Thick (17mm) interlocking Tongue & Groove boards are smooth-planed and mounted in a 45mm thick rebated frame to ensure there are no gaps for the noise to pass through.

Triform Technology from Forest Garden.

The boards on The Decibel Noise Reduction Panel feature a specially developed triangulated profile. This creates multiple angles over the face of the board which scatter noise waves, reducing their intensity. The Decibel Noise Reduction Panel will look great in any garden and is perfect for houses with close neighbours or for gardens near busy roads.

DECIBEL NOISE REDUCTION PANEL

The tight-fitting boards and smooth-planed finish bring out the natural beauty of the wood. The panels can be mounted with the boards running vertically or horizontally to accentuate either the height or length of the fence run.

Acoustic Ratings.

The Decibel Noise Reduction Panel is rated with Forest's highest acoustic rating of 4, achieving a reduction in noise level of up to 30dB. We've also tested and applied acoustic ratings to some of our most popular panels.

Independently laboratory tested to BS EN ISO 10140-2 and ISO 717-1, achieving BS EN 1793-2:2012 Category B3 noise reduction. For acoustic rating details see page 119.

Tongue & Groove Panels.

Our new Tongue & Groove panels and matching gates are made from high quality interlocking boards that will enhance any garden. Choose from either vertical or horizontal boards for a secure, yet contemporary finish to your garden boundary.

Sheds & Workshops.

Give yourself some shed space.

A shed is the most practical of garden structures. Not only will it keep your tools tidy and your outdoor equipment organised, it's perfect for storing bikes, boots and mowers.

But, deciding which shed is right can be tricky, so we've made the process as simple as possible with our 6-step guide.

6-step guide:

- 1 CHOOSE YOUR SIZE
- 2 CHOOSE YOUR STYLE
- 3 CHOOSE YOUR CONSTRUCTION
- 4 CHOOSE YOUR TREATMENT
- 5 PREPARE YOUR BASE
- 6 CHOOSE YOUR DELIVERY

SEE OUR SHED AND GROUND PREPARATION VIDEOS AT FORESTGARDEN.CO.UK

SHEDS & WORKSHOPS

6-step guide to choosing your shed.

1 Choose your size.

Whether you're after something compact for tools or something spacious for larger equipment, our shed range offers a practical solution whatever size of space you have.

Small and compact shed perfect for neatly storing garden tools.

Mid-size shed suitable for large equipment like lawnmowers and bikes.

Large, spacious shed ideal for storage or as a functional workshop.

All of our shed descriptions are quoted with the longest length first.

2 Choose your style.

We offer 4 styles of shed:

APEX

PENT

REVERSE APEX

CORNER

3 Choose your construction.

We offer 3 styles of cladding:

OVERLAP
Rough-sawn boards overlap to ensure water run-off.

SHIPLAP TONGUE & GROOVE
Interlocking Tongue & Groove boards with a shiplap profile for water run-off.

TONGUE & GROOVE
Tight-fitting Tongue & Groove boards for wind and rain protection.

4 Choose your treatment.

We offer 2 types of timber treatment:

10 YEARS
DIP TREATED
Surface treatment, providing short term protection against rot.

15 YEARS
PRESSURE TREATED
Penetrative treatment for 15 year Anti-Rot protection.

Boards are dipped in anti-fungal solution.

Anti-fungal preservative is forced into the timber under pressure.

5 Prepare your base.

We recommend you prepare your base before installation in 1 of 3 ways:

CONCRETE SLABS
Slabs neatly laid with minimal gaps on a dressing of sharp sand and hardcore.

CONCRETE
Solid concrete base will minimise movement of sub-soil ensuring longevity.

SHED BASE
A timber frame attached to stakes driven into the ground.

6 Choose your delivery.

We have a range of delivery and assembly options to help you plan and prepare for the arrival of your shed:

DELIVERY
Estimated nationwide delivery direct to your door within 8 working days.

PICK-A-DAY
Choose your delivery date ensuring time to prepare your garden.

ASSEMBLY
Available on all sheds to ensure they're constructed safely and correctly.

See page 119 for details.

Overlap Dip Treated Sheds & Workshops.

OVERLAP
CONSTRUCTION

DIP
TREATED

Features and benefits.

1 POLYCARBONATE GLAZING

Unbreakable Polycarbonate windows can be fitted either side on Apex Sheds.

2 FELTED ROOF

Weatherproof felted roof constructed from durable sheet material.

3 FLOOR

Hard wearing sheet material floor as standard.

4 FINIAL & BARGE BOARDS

Attractive smooth planed finial & barge boards.

5 HIDDEN HINGES

Safe and secure hidden door hinges (excluding 5X3 and 3X5).

6 LATCH SECURITY

Plate hasp and staple latch (excluding 5X3 and 3X5).

7 DOUBLE 'Z' FRAMING

Sturdy door braced with double 'Z' framing for added strength and security (excluding 5X3, 3X5 and 7X5).

Ordering your shed.

Here at Forest we offer two purchase options when ordering your new shed:

Home Delivery (HD) you will receive delivery of your chosen product to your door, within 5 working days.

Home Installation (IN) includes delivery and assembly of your new product leaving all the hard work and heavy lifting to us. See page 119.

Your Garden Retreat.

Hand made to order from the finest materials, 50 years of experience and expertise come together in our Forest Retreat Sheds, representing the very best of our range.

Made from smooth-planed Redwood lap boards and a substantial framework, these buildings are built to last. The steep pitch roof offers extra headroom and the Canadian Red Cedar Shingles give the roof a beautiful, high-end finish.

With a choice of 3 colours chosen to complement the natural habitat, this shed is guaranteed to make a grand statement in any size of garden.

- Highest quality kiln dried, smooth-planed Redwood lap boards
- 20mm well thickness at point of board overlap
- Opening windows, glazed with 4mm toughened glass
- Pressure Treated interlocking Tongue & Groove boarded floor and roof
- Canadian Red Cedar Shingle roof
- Delivery and installation on site is included in the price
- A choice of 3 factory finished paint colours

Expert installation.

Price includes delivery and installation by our skilled fitters.

HD LTS(HD) SRP. £239.99

Log Cabins.

A log cabin will transform your garden as well as giving you the space and freedom to enjoy the things you love.

Whether you need the extra living space, room for a gym or even a home office, our log cabins are a natural choice. Manufactured from kiln-dried timber, a process that extracts moisture and reduces the risk of splitting and warping, these natural timber constructions will look great in any garden environment.

ENTERTAIN AND MAINTAIN

We know you'll be keen to start entertaining and using the space straightaway, but we strongly advise applying a solvent-based preservative treatment inside and outside soon after assembly. As the UK has a very wet climate it is important to ensure that the timbers remain dry and protected until such time as a treatment is applied.

Whilst the timber we use will change colour over time, simply re-apply a colour-based timber treatment regularly to maintain the look. Timber is a natural material which will shrink and expand due to moisture content within wood and the changing weather conditions. Any extreme changes should revert back over time.

PRECISION ENGINEERED

Our precision-engineered logs are manufactured with chalet-cut corners and a 6-sided joint to reinforce stability against the UK's wind and rain.

SUSTAINABLE TIMBER

The timber we use is slow grown Nordic Spruce, clear from the tight growth rings on the logs. It's also FSC® certified to ensure the sustainability and longevity of supply.

28mm 34mm 44mm

AVAILABLE THICKNESSES

Our log cabin range is available in three log thicknesses with double-glazing being standard on all 44mm models.

ROOFS AND FLOORS

The roofs and floors in all our cabins are constructed from kiln-dried Tongue & Groove boards.

DOORS & WINDOWS

All models come with adjustable door hinges and mortise lock mechanisms as standard, with opening windows available on most. Check specific models for details.

Expert insight.

Visit our website to view videos on how to prepare a base and step by step guides to building your cabin.

Compact and contemporary. The Melbury cabin is crying out to be a dining room or home office. It's modern, stylish and finished to our highest specification, with three double glazed windows and double doors that let light simply stream through.

All log cabins are supplied untreated and unpainted.

The beautifully constructed, traditionally styled Cheviot cabin is the widest cabin in our range at 5.5m. As well as the striking dormer Clock House feature above its glazed double doorway, it boasts eight glazed windows, flooding the 22m² interior with natural light, making it suitable as a home office, gym or as a traditional summerhouse.

HD VBUX344030SHHD SRP. £2499.99
IN VBUX344030SHHDINST SRP. £3299.99

The Buxton is a classic, all-purpose cabin, ideal for introducing a workshop, office or living space into your garden. It features a dynamic roof overhang that floats neatly above glazed double doors and opening window to direct light in, but also offer shade outside.

Here at Forest, we put a lot of care and attention into the manufacture of our products. From selecting just the right type of wood, to our flexible delivery and assembly service options, we take a pride in ensuring that everything is just so.

Therefore, to help you get the most out of our products, here are a few things you should know...

Wood is a natural product and susceptible to changes in the environment, any extreme weather conditions will cause a reaction in timber used outdoors. Heat may cause panels to lose shape but this will be reversed once the temperature subsides. Posts and uprights may split but again this is natural and will not effect the structure of your product.

As with all timber buildings, a garden shed will take time to settle in its outside surroundings. In the winter months the wood will swell due to moist air whereas in the summer the wood may shrink. Movement and gaps in the wood are normal, particularly with overlap constructions.

SEE OUR TIMBER AND TREATMENT VIDEO AT FORESTGARDEN.CO.UK

MAINTENANCE

Timber treatment.

Forest products are guaranteed against rot through either Pressure Treatment or Dip Treatment.

Pressure Treated timber.

Forest Pressure Treated items which are designed to be in ground contact are impregnated with preservative, an effective method used to protect wood against fungal decay and insect attack, saving time and money on retreating. The treatment is based on the well-established effectiveness of copper combined with a co-biocide.

If the treated timber is cut, notched or drilled it is recommended that an effective cut and treatment be applied, failure to do so may reduce effectiveness of the Pressure Treatment.

Stains, paint and water repellent may be applied after purchase providing you follow the manufacturer's instructions.

Dip Treated timber.

Dip Treated products should be isolated from the ground with a Pressure Treated gravel board or similar base and be retreated yearly to comply with the conditions of the guarantee.

To change the colour of the timber, allow the product to mature before applying a suitable brand of stain/paint.

Ongoing care.

We recommend some annual after care which will help protect the wood and make it more durable to ensure it lasts longer.

Preservatives, also known as wood treatment, can protect all types of timber from discolouration and decay, as well as giving a constant all-year-round colour. An annual wood preservative paint will protect your new purchase or rejuvenate an existing one.

Wood colouration.

Pressure Treated wood colouration varies depending on timber species and length of time from treatment, the colour will fade over time to a silver/brown.

Dip Treated product colour is not permanent and to retain factory finish treatment should be applied regularly.

Cedar shingles used on the roof of our Round Timber Gazebos and Forest Retreat Sheds will fade over time to a silvery, grey colour.

Where to site your product.

The base for any product should be firm and level; ideally air should be able to circulate under the base. Wooden buildings must not be sited directly on soil or grass, our sheds are all provided with bearers to allow air flow under the shed. See forestgarden.co.uk for our base preparation guides.

Any questions?

Please call our technical department on 0333 777 7089 who will be happy to help or talk to us on live chat at forestgarden.co.uk

Some other things you should know.

Stockists: We have a great network of stockists across the UK and online, for a full list please visit www.forestgarden.co.uk

Pricing: All prices quoted are SRP - Suggested Retail Price and are inclusive of the prevailing VAT rate. Prices are effective from 1st January 2019. All prices correct at time of going to print. Forest Garden reserve the right to amend prices at any time.

Delivery: The majority of Forest products come flat packed and will require assembly (unless stated). On some products pre-drilling may be required. Estimated DIY times are indicated in hours. Products available for Home Delivery are marked with (HD) following the product code. Products available for Home Delivery and Assembly are detailed with an (INST) or (IN) code. Please note, for installed items (with the exception of Vale Greenhouses) delivery and installation will be on separate days.

Home Delivery is unable to be offered for the following postcodes: BT, GY, HS, IM, IV41-51, IV55-56, JE, KA27-28, KW15+, PA41+, PH41-44, PO31-41, ZE. Whilst we aim to deliver within 5 working days there will be some instances when it will take longer, including Scotland, hard to reach locations or when items are out of stock. Please note Log Cabins, Round Timber Gazebos, Retreat Sheds and Vale Greenhouses are special orders and have longer delivery times detailed.

Specifications: All specifications detailed are correct at the time of going to print, overall sizes quoted are approximate. We reserve the right to alter the specifications of our products at any time. All Forest products (with the exception of our Retreat Sheds) are supplied unpainted. Log Cabins are supplied untreated.

Acoustic Rating System:

- Rating 4 equates to 8-fold noise reduction or up to 30 decibels.
- Rating 3 equates to 6-fold noise reduction or up to 25 decibels.
- Rating 2 equates to 4-fold noise reduction or up to 20 decibels.
- Rating 1 equates to halving noise reduction or up to 10 decibels.

Independently laboratory tested to BS EN ISO 10140-2 and ISO 717-1, achieving BS EN 1793-2:2012 Category B3 noise reduction.

FSC: Forest's range is certified by the Forest Stewardship Council® with the exception of our willow products and Round Timber Gazebos. Guarantees: Please retain receipt as proof of purchase. Please see website for full conditions of the guarantee - www.forestgarden.co.uk
