HD CLAD[®] PRO

A **Composite Prime** Product

Wood Grain Composite Cladding System

AVAILABLE
IN 4 SHADES

Cedar Brown

Slate

Cedar Grey

Carbon

HD Clad Pro™ provides a low maintenance, durable alternative to traditional timber cladding that is available in a range of natural colours.

The invisible clip fixings and trims allow for an uncomplicated installation which will transform the exterior of residential and commercial properties alike.

HD Clad Pro™ composite cladding exclusively uses 100% FSC® certified hardwood flour and recycled plastic which combine to produce a high quality product that outperforms traditional timber.

The HD Clad Pro™ system offers a range of complementary trims to complete your cladding project.

The mark of responsible forestry
