# From the Ground Up

If you are planning on creating an impressive garden for your home, then we're sure you'll find what you're looking for in our diverse range of products, decking solutions, superior selection of garden accessories and top-quality garden timber.

## HD Deck® 150 Composite Decking

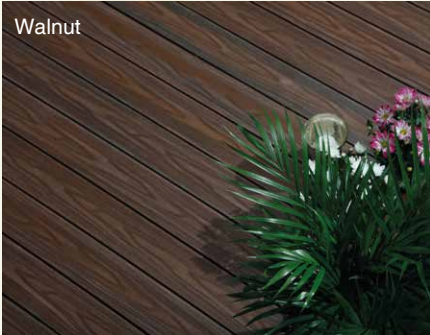

Size: 25 x 150 x 3600mm

Transform your garden with HD Deck® 150, a contemporary grooved composite decking system available in walnut, lava and silver.

Made from 100% certified hardwood flour and recycled plastic, UV light absorbers and anti-oxidants, to produce a high quality composite decking product, which outperforms traditional treated timber.

### Features & Benefits

- Low maintenance
- Slip resistant
- Durable
- Sustainable
- Barefoot safe
- Attractive
- Will not rot or decay
- 10-year warranty

## HD Deck® 150 Fire Composite Decking

Size: 25 x 150 x 3600mm

HD Deck® 150 Fire is a contemporary fire rated composite decking which offers the same benefits as HD Deck® 150 but is class B fire rated.

Perfect for:

- Balconies
- Verandas
- Roof terraces

## HD Deck® Dual Composite Decking

Size: 23 x 143 x 3600mm

HD Deck® Dual is a woodgrain composite decking system with a reversible two-colour option, providing the opportunity to lay a deck with contrasting colours to create a bespoke finish.

With an unrivalled likeness to timber, the natural wood grain not only looks and feels great, it also offers maximum performance against stains.

### Features & Benefits

- Low maintenance
- Slip resistant
- Durable
- Sustainable
- Barefoot safe
- Reversible

### Colour Options

- Oak & Walnut
- Carbon & Antique

# Sustainable, Ethical, Responsible

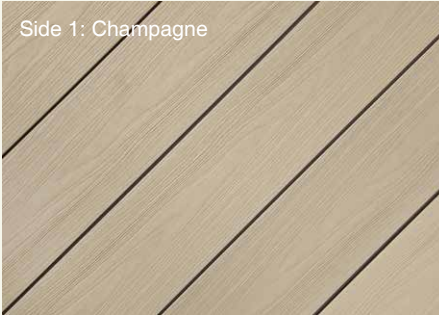

## HD Deck® Pro Premium Extra-Wide Composite Decking

Size: 22.5 x 200 x 3600mm

HD Deck® Pro is a premium extra-wide composite decking board, featuring a traditional wood grain that will add quality and style to any outdoor living space.

With its ‘capped’ design, creating a protective layer that offers maximum protection against stains and the elements for an extra long life.

The deck board offers the same features and benefits as the other HD Deck® ranges, but is dual sided, with two designer colours to choose from: oyster and champagne.

## HD Deck® Accessories

### HD Deck® Dual Fascia\*

\*Available in Antique, Carbon, Oak & Walnut to match our HD Deck Dual decking

### HD Deck® 150 Fascia\*

\*Available in Silver, Lava & Walnut to match our HD Deck 150 decking

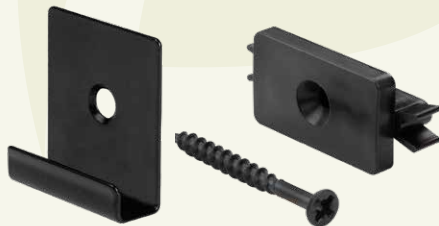

### HD Deck® Pro Fascia\*

**NEW!**

\*Available in Oyster and Champagne to match our HD Deck® Pro decking

### HD Deck® Stop Start & Fixing Clips

### HD Deck® End Caps

### HD Deck® Dual & Pro Bullnose

**NEW!**

\*Available in 5 colours to match HD Deck® Dual and HD Deck® Pro decking

### Abzorbit™ **NEW!**

Abzorbit™ is a revolutionary new aerosol spray that treats and removes grease and oil stains, with a simple spray on and brush off process. Abzorbit™ can be used to treat stains on any timber or uncapped composite decking product. Ideal for use on HD Deck® 150 and HD Deck® 150 Fire.

**SPRAY ON • BRUSH OFF • STAIN GONE**

# Traditional Landscapes

A staple in most landscape gardens, make full use of your outdoor space with timber decking, an extremely versatile option for your next project. For that natural look and feel, our range of softwood decking works alongside any landscape.

**32 x 125mm  
Treated Deck Boards**

Dual Pattern Redwood Decking

Tanalith E Treated  
Finished Size 33 x 142mm

# Timber Deck Boards

**38 x 150mm Anti-Slip  
Timber Deck Boards**

## Anti-Slip Timber Deck Boards

- Dual Pattern Redwood Decking with 2 x Gripsure Anti-Slip resin Inserts
- 1 Face
- Tanalith E Treated
- Finished Size 33 x 142mm

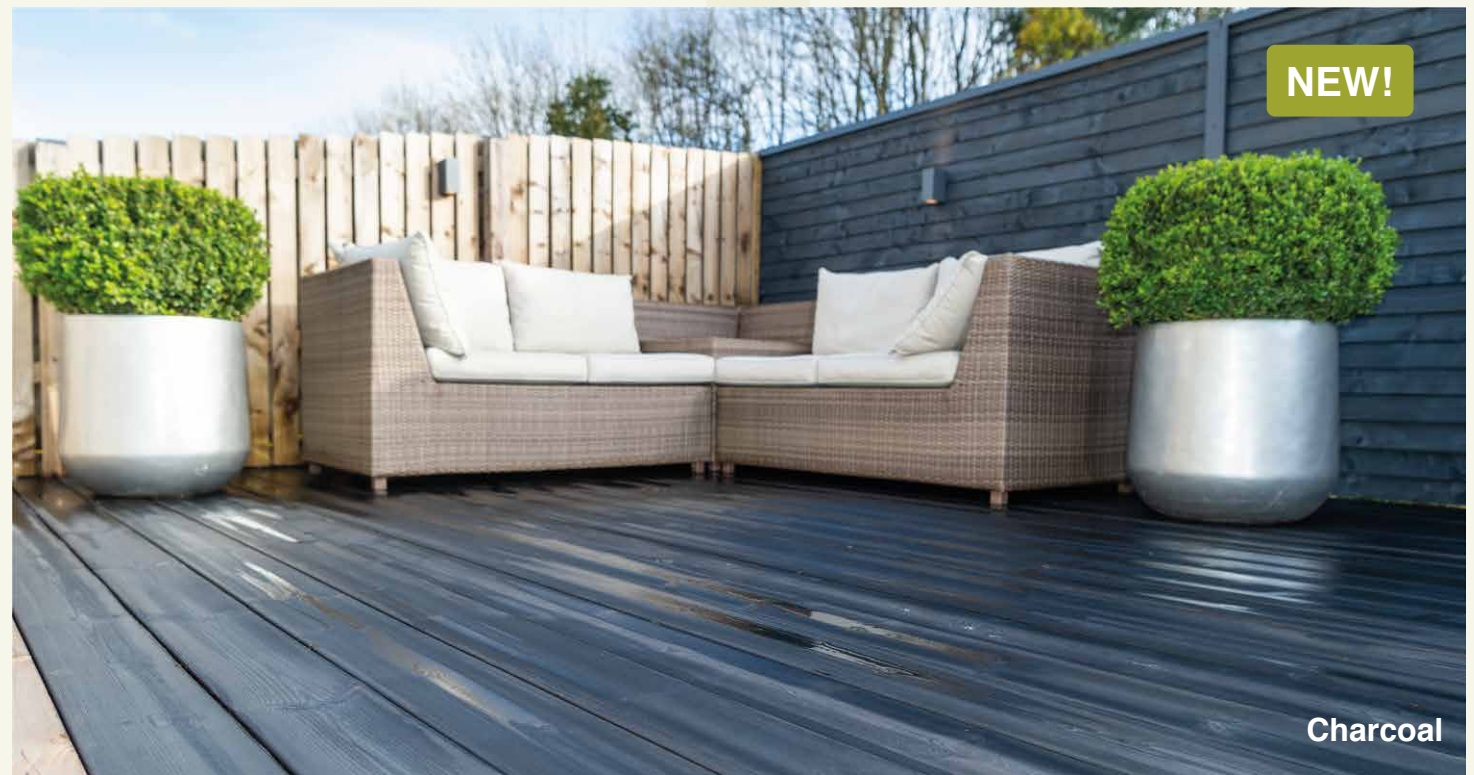

# Heat Enhanced Decking

IRO architectural decking is a low maintenance and long-lasting alternative to traditional decking, created by combining the ancient Japanese process of Yakisugi with the latest timber technology.

The result is a beautiful and uniquely coloured decking timber that will add charm and character to a range of outdoor spaces.

- UV Stable
- 100% HVOC-Free
- Child & Pet Friendly
- Resilient to rot and insect attack
- Water-Repellent Surface

# Complete Your Deck

## Deck Spindles 41 x 41 x 900mm

- Tanalith E Treated
- Stop Chamfered, Square or Edwardian Style

## Deck Handrail/Baserail 38 x 75 x 1795mm

- Tanalith E Treated Pine Turned Softwood

## Deck Posts 83 x 83 x 1250mm

- Tanalith E Treated Timber Deck Posts
- Chamfered & beaded or turned deck posts

## Deck Screws\* 63mm (Box of 250)

\*Brand and price of Deck Screws may vary between branches - please ask staff for availability

## Decking Joists

Decking joists are an essential part of building any quality garden deck. Our decking joists are all made from quality timber and pressure treated.

### Sawn Tanalised Timber

Sizes: 47 x 100mm | 47 x 150mm

### Adjustable Joist Hanger

Size: 47 x 250mm

## Brushwood Sleepers

NEW!

Incredibly versatile and beautifully textured, our brown-treated brushwood sleepers bring charm and structure to any space.

Our sleepers have been treated with high pressure TANALITH preservative to ensure longevity.

Thickness (mm)	Width (mm)	Length (m)	Treatment
125	250	2.4	Brown

# Level Up Your Garden

## Sawn Sleepers

Our sawn sleepers have endless garden or leisure applications.

They can be used as boundaries, edgings and planters as well as distinctive raised beds and borders, decks, terraces and walkways.

Thickness (mm)	Width (mm)	Length (m)	Treatment
100	200	2.4	Green / Brown
125	250	2.4	Green / Brown

## Incised UC4 Posts

Incised seasoned fence posts undertake a game changing pre-impregnation process, that ensures that the treatment impregnates 6mm into the post, which delivers the stipulated BS8417 15 year service life.

Thickness (mm)	Width (mm)	Length (m)	Treatment
100	100	2.4	Green / Brown
100	100	3	Green / Brown
75	75	2.4	Green / Brown

## Smooth Sleepers

Our smooth sleepers are produced to exacting standards, adding charm to any garden.

Smooth sleepers offer an attractive planed and pressure treated solution for any landscaping project offering the opportunity to create height and depth.

Thickness (mm)	Width (mm)	Length (m)	Treatment
100	200	2.4	Green

## Pine UC4 Posts

Our UC4 timber posts are suitable for domestic, agricultural and industrial applications.

To achieve a long service life we treat all posts using a high pressure process with a choice of either green or brown finish.

Thickness (mm)	Width (mm)	Length (m)	Treatment
100	100	2.4	Green / Brown
100	100	2.7	Green / Brown

## French Oak Sleepers

Fresh sawn oak 1st grade sleepers have largely clear sections with tolerance for knots and other natural defects adding to the timbers timeless beauty, a popular choice to add character and warmth to your garden.

Thickness (mm)	Width (mm)	Length (m)
100	200	2.4
120	245	2.4

## Incised UC4 Sleepers

Our incised sleepers have uniform incisions on the face to allow the preservative to penetrate the timber better.

These products come with a 15 year service life for added peace of mind.

Thickness (mm)	Width (mm)	Length (m)	Treatment
100	200	2.4	Green / Brown
125	250	2.4	Green / Brown

# Fencing, Posts, Rails

## Trade Lap Fence Panels

Traditional, affordable overlap fence panel in golden brown, with a sturdy and robust construction made from rough sawn timber boards.

Ideal for garden boundaries.

### Available Sizes:

1830mm wide

1.2m | 1.5m | 1.8m high

## Feather Edge Board in Green or Brown and various sizes.

Feather edge boards add more of a premium look and feel to fences. Available in an array of thicknesses, widths and lengths:

### Available Sizes:

1800 x 125 x 22mm

1800 x 150 x 22mm

## Standard Posts

Our fence and gate posts timbers are suitable for domestic, agricultural and industrial applications.

To achieve a long service life we treat all posts using a high pressure process with a choice of either green or brown finish.

Thickness (mm)	Width (mm)	Length (m)	Treatment
100	100	2.4	Green / Brown
100	100	3	Green / Brown
75	75	2.4	Green / Brown

## Gravel Boards

Our gravel boards blend in with timber fencing and are used to ensure the avoidance of ground contact, which often leads to rot and/or decay.

Thickness (mm)	Width (mm)	Length (m)	Treatment
22	100, 125, 250	1.2, 1.35, 1.5, 1.65, 1.8, 3.6	Green / Brown
32	175	3.6, 4.8	Green / Brown
38	200	3.6, 4.8	Green / Brown

## Standard Rail

The standard sawn rail is mostly used to create a continuous run of post and rail fencing, which provides a cost-effective and sturdy solution for restricting both livestock and pedestrians.

Thickness (mm)	Width (mm)	Length (m)	Treatment
38	75, 88, 100	3.0, 3.6, 4.2, 4.8	Green / Brown
47	75, 100	3.0, 3.6, 4.2, 4.8	Green / Brown

## Cant Rail

An ideal alternative to the arris rail, cant rails also support the structure of your fence and encourage rainwater to run off the timber.

Thickness (mm)	Width (mm)	Length (m)	Treatment
125	47	3.6	Green / Brown
175	47	3.6	Green / Brown

## Arris Rail

A great way to decorate most fences, arris rails run along the back of panels and are triangular in shape so that rainwater falls away from the timber.

Thickness (mm)	Width (mm)	Length (m)	Treatment
75	75	2.4, 2.7, 3.0, 3.6	Green / Brown

**10-Year Guarantee as standard on Class 3 | 25-Year Guarantee on Class 4 available**

# Fencing Systems

**dB Fence is an acoustic barrier fencing system designed to drown out sound and is the perfect choice for reducing noise in a high-traffic and/or a high-noise environment, close to residential areas.**

**Manufactured using premium heavy-section planed timber boards, regardless of weather conditions, the interlocking 'V' tongue and groove panels remain tightly locked, eliminating sound travelling through any gaps and forcing sound waves over the top or around the fence.**

**Suitable for installations up to 2.5m**

**EXCLUSIVE!**

## Top 5 Benefits of dB Fence

1. Our dB Fence acoustic fencing drowns out noise by up to 28dB
2. Stylish design, visually pleasing and blends in with the rest of your garden
3. High privacy barrier keeps out intruders
4. Modular design allows quick and easy installation on-site
5. 10-Year Guarantee as standard on Class 3.  
25-Year Guarantee on Class 4 available.

# External Timber Cladding Products

EXCLUSIVE!

## A Single-Source Solution

As timber experts we are able to provide a single-source solution for all your cladding requirements.

Ranging from advice on materials and designs through to treatment and coatings, we will review your requirements, the budget and the job itself, to help deliver the right solution.

## Our Products

- Pine
- Larch
- Western Red Cedar
- Accoya
- Thermowood
- Hardwood Timber

## Additional Services

- Kilning
- Machining
- Fire Treatment
- Fully/Part Finished
- Priming, Staining, Coating, Lacquering

## Timber Profiling

We offer a large range of standard profiles, and if you require a design that is not available from our standard profile, we can machine bespoke patterns on request.
