DURAPOST STEEL FENCE POST SYSTEM

DuraPost®
BY BIRKDALE

DuraPost is a great alternative to a timber or concrete fence posts. Built from galvanised steel, it's lighter while offering both durability and strength.

Provides a stylish, secure and strong framework designed to work with panels and boarding. DuraPost has been durability tested to EN 1794-1-2018 with wind speeds of up to 110mph (static load tested to 625kg).

Up to 25 Year Guarantee.

BUILT TO LAST

DuraPosts are so easy to handle, with pre-drilled holes, they can be easily installed by one person

DuraPost can be used to create:

- Closed board fencing
- Panel Fencing
- Hit & Miss Fencing
- Composite Board Panels

DuraPost supports the installation of our Composite cladding boards (as fencing panels on pg. 24-27.)

Available at selected branches.

Designed by industry experts and trusted by homeowners and professionals.

DuraPost is available in 4 colours.

FENCING

Acoustic Fencing - dB Fence

dB Fence is an acoustic barrier fencing system designed to drown out sound and is the perfect choice for reducing noise in a high-traffic or high-noise environment, close to residential areas

Manufactured using premium heavy-section planed timber boards, regardless of weather conditions, the interlocking 'V'

tongue and groove panels remain tightly locked, eliminating sound travelling through any gaps and forcing sound waves over the top or around the fence.

Suitable for installations up to 2.5m

DROWNS OUT NOISE LEVELS BY 28DB

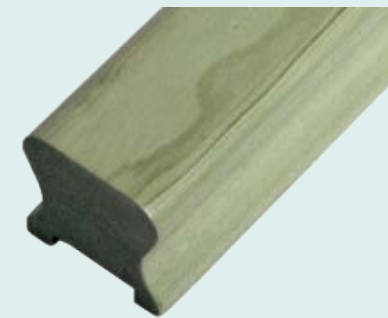

ACTS AS A PRIVACY & WIND BARRIER

HD DECK® PRO PREMIUM EXTRA-WIDE COMPOSITE DECKING

Size: 22.5 x 200 x 3600mm

HD Deck® Pro is a premium extra-wide composite decking board, featuring a traditional wood grain that will add quality and style to any outdoor living space.

With its 'capped' design, creating a protective layer that offers maximum protection against stains and the elements for an extra long life.

The deck board offers the same features and benefits as the other HD Deck ranges, but is dual sided, with two designer colours to choose from: oyster and champagne.

HD DECK® DUAL COMPOSITE DECKING

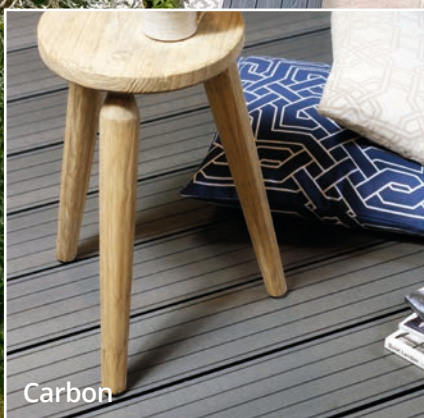

Deck Board Size: 22.5 x 143 x 3600mm

HD Deck Dual is a wood-grain composite decking system with a reversible two-colour option, providing the opportunity to lay a deck with contrasting colours to create a bespoke finish.

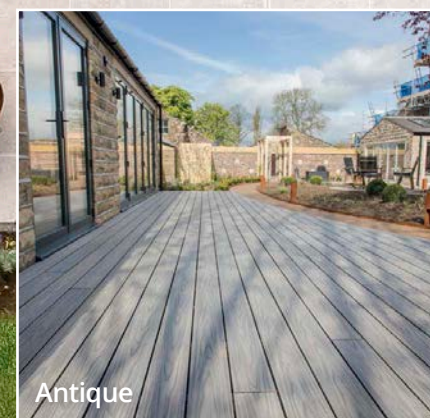

With an unrivalled likeness to timber, the natural wood grain not only looks and feels great, it also offers maximum performance against stains.

AVAILABLE IN 6 COLOURS:

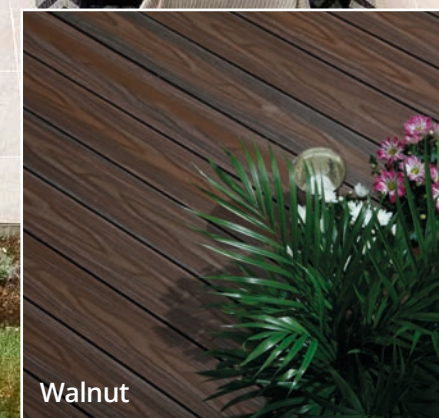

Champagne • Oyster • Slate • Oak • Walnut • Carbon

James Jones
& SONS LIMITED

CHOOSE THE BEST OUTLAST THE REST

- James Jones range of posts and sleepers gives added confidence to your fencing and landscaping project.
- Our posts are treated to Use Class 4 as recommended for ground contact applications.
- Our posts are incised prior to preservative treatment, which means we add small, uniform incisions into the post. This allows the treatment to penetrate the post and protect it against rot, making it suitable for ground contact. If the posts are not incised they will not last as long, which is why all James Jones fence posts are incised as standard.
- This allows James Jones & Sons to offer a 15 year warranty against rot and insect attack.*

*For full details, see terms and conditions

JJ DECK JOIST

James Jones & Sons incised Deck Joists are treated to Use Class 4 as recommended by the Timber Decking and Cladding Association and come with a 15 year warranty.

Width/Depth	Lengths
47 x 100mm (44 x 97)	3.6m, 4.8m
47 x 150mm (44 x 145)	3.6m, 4.8m

Incised Fence Posts

The following core range of Incised fence posts is available either green or brown pressure treated.

WIDTH/DEPTH	LENGTHS
75mm x 75mm	1.5m, 1.8m, 2.1m, 2.4m, 2.7m, 3.0m
75mm x 100mm	2.4m
100mm x 100mm	1.8m, 2.1m, 2.4m, 2.7m, 3.0m

(Other specifications are available on request.)

The James Jones Incised product range complements our extensive choice of quality fencing products available.

Rails, Slats, Ranch & Gravel Boards, Featheredge Boards

The entire James Jones fencing range is available either green or brown pressure treated.

Cut & Treat

Every time pressure preservative treated timber is cut or notched during installation, the exposed surfaces must be further protected with an appropriate brush-on end grain preservative to maintain the integrity of the performance and the conditions of the warranty.

Incised Sleepers

Incised landscaping sleepers are available to order in the following sections.

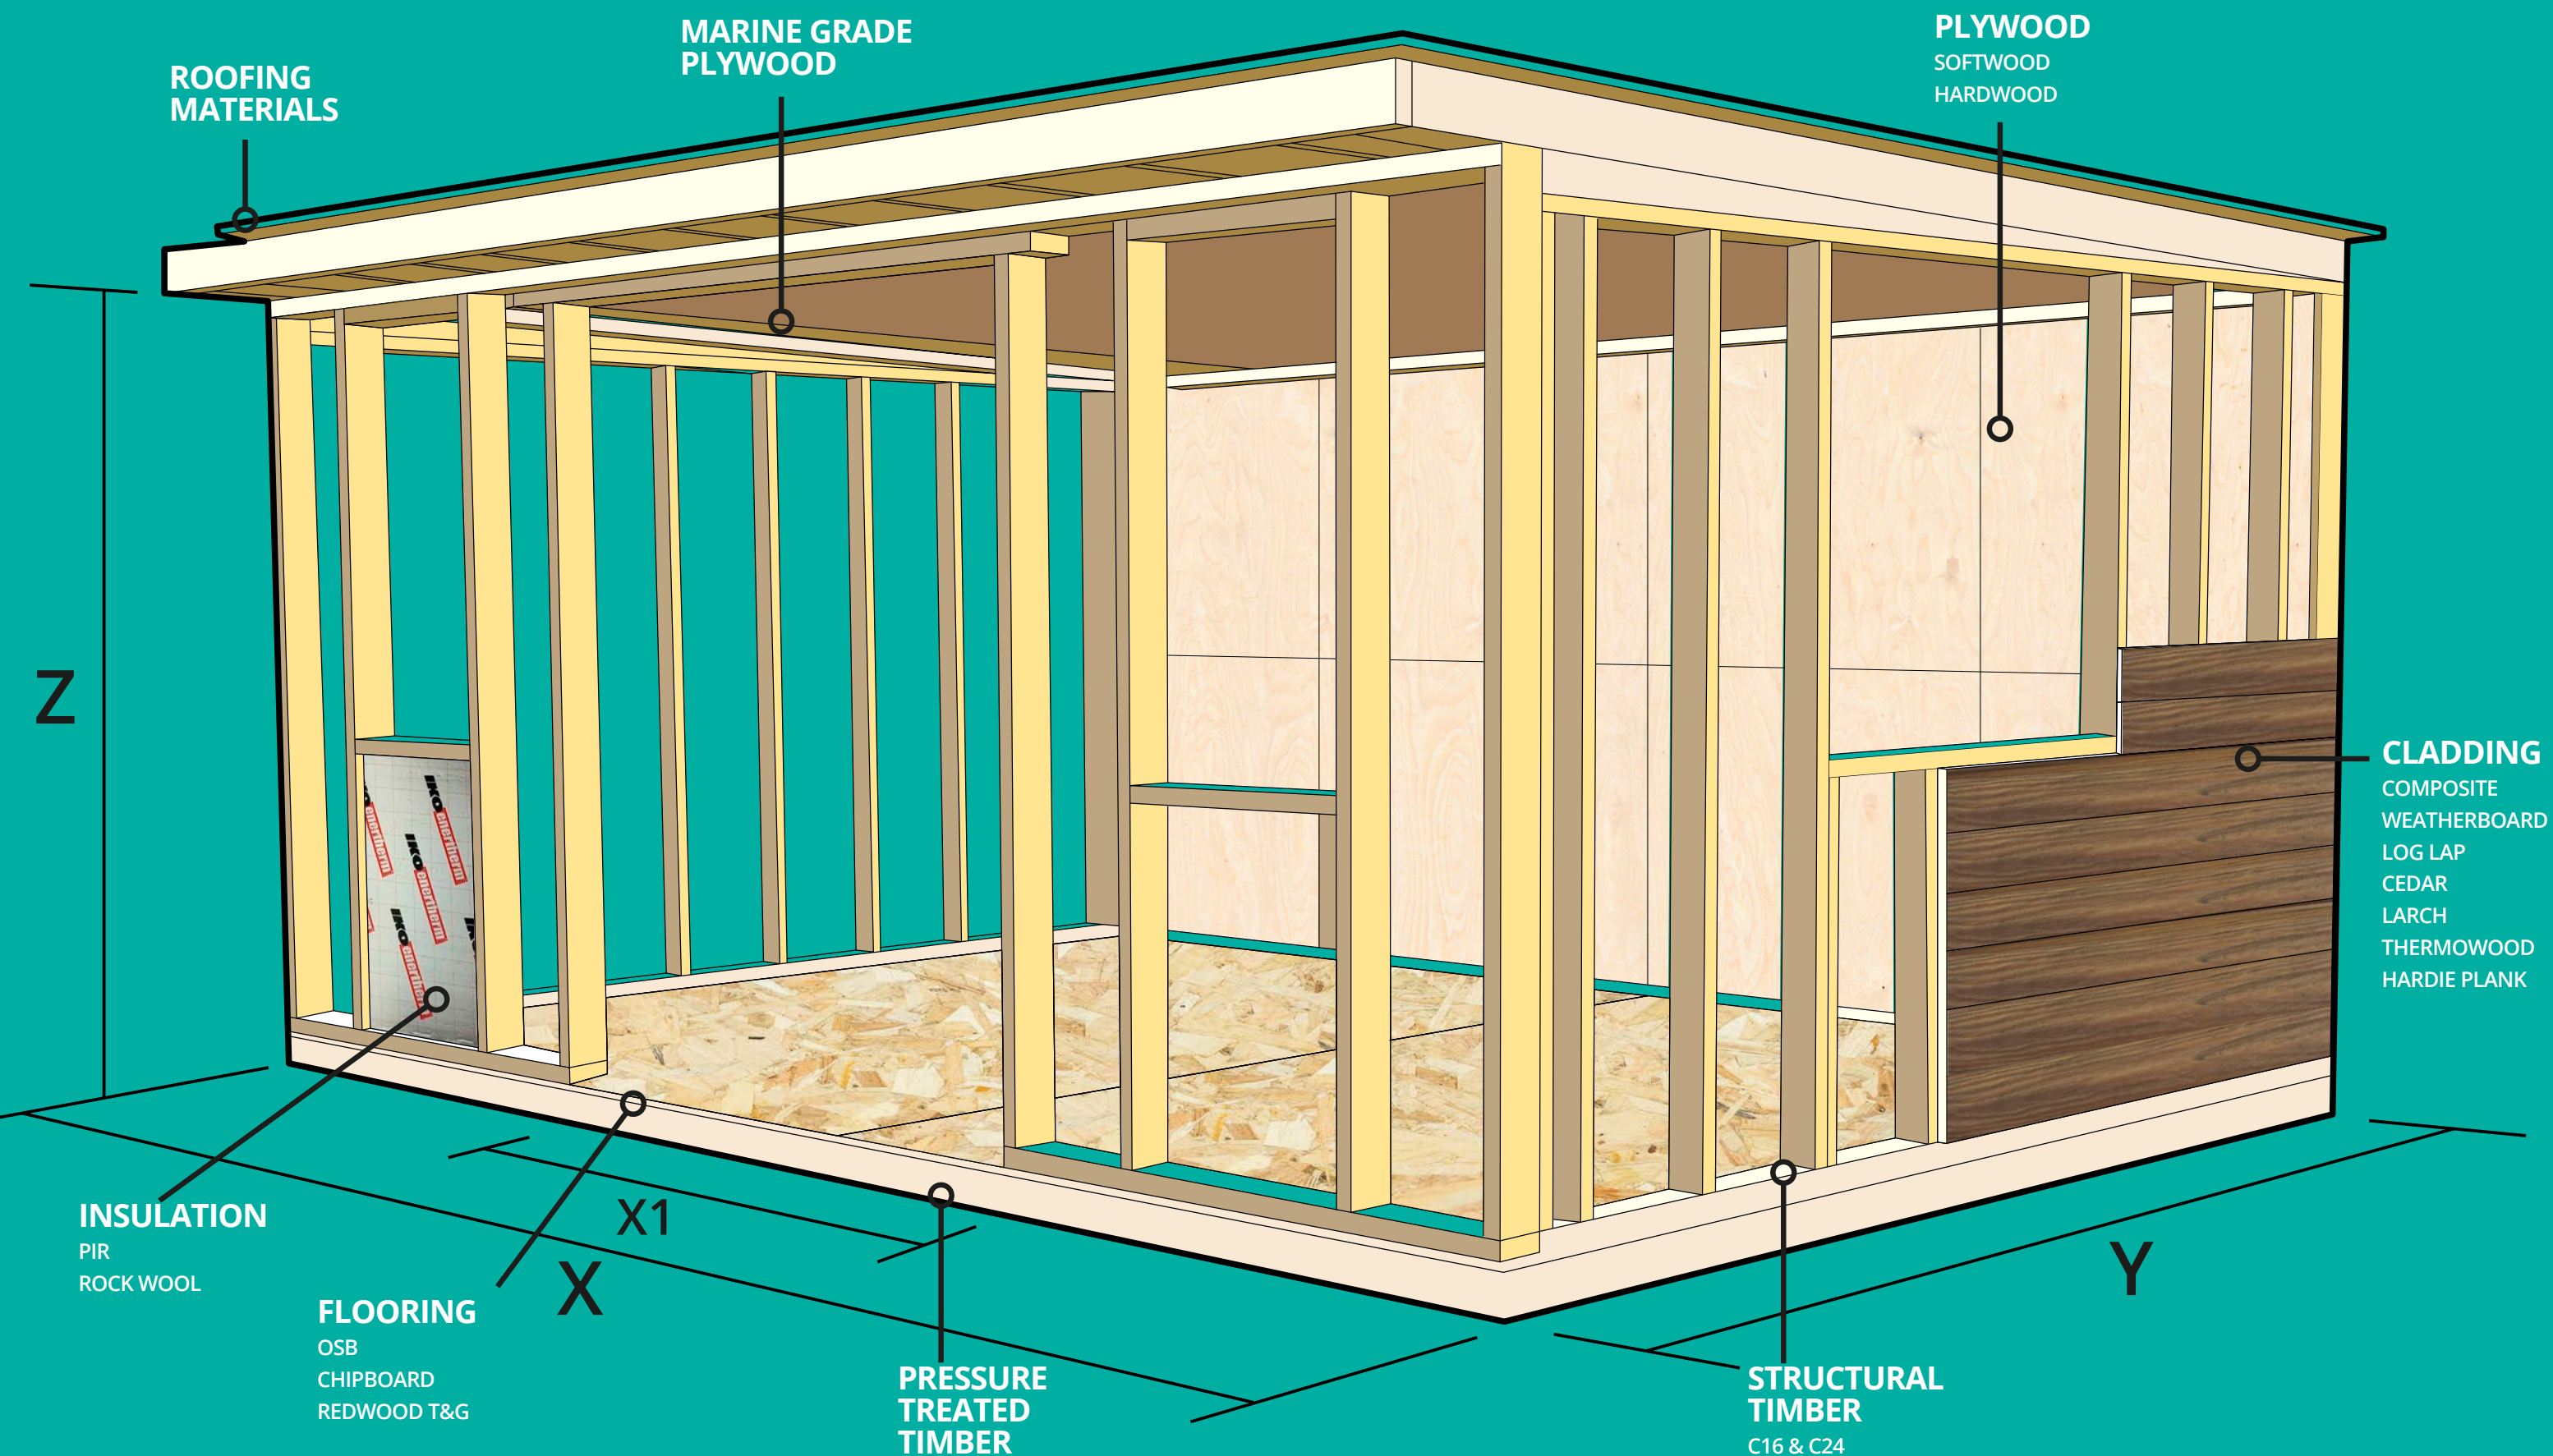

WIDTH/DEPTH	LENGTHS
100mm x 200mm	1.2m, 2.4m, 3.0m
125mm x 250mm	2.4m

(Other specifications are available on request.)
